Introduction

This index lists the geological publications written by staff of the Geology Divisions of the Department of Indian Affairs and Northern Development. These divisions were created in 1969 and located in Whitehorse (Yukon), Yellowknife (Northwest Territories) and Ottawa.

The preparation of this index involved the work of students Derek Dreger and Steven Morton and full-time employees Paulette Marion and Thomas Caine.

This index was prepared from the GEOSCAN/MINISIS data base by the National Geoscan Centre, Geological Survey of Canada, at the request of the Department of Indian and Northern Affairs. We are indebted to Jackie Caron at the National Geoscan Centre for her assistance in producing this index.

Introduction

Cet index donne la liste des publications produites par le personnel des divisions de géologie d'Affaires indiennes et du Nord Canada. Ces divisions ont été créées en 1969 et établies à Whitehorse (Yukon), à Yellowknife (Territoires du Nord-Ouest) et à Ottawa.

La production de cet index a été possible grâce à la collaboration des étudiants Derek Dreger et Steven Morton, en plus du travail des employés à plein temps Paulette Morin et Thomas Caine.

Pour la préparation de cet index, on a utilisé la base de données GEOSCAN/MINISIS du Centre national pour Geoscan, de la Commission géologique du Canada, à la demande d'Affaires indiennes et du Nord Canada. Nous exprimons notre gratitude à Jackie Caron, du Centre national pour Geoscan, de l'aide qu'elle nous a apportée dans la préparation de cet index.
